NAVEKSA A/S reserves the right to change prices and shall not be liable for any printing errors.					
According to MS Dynamics NAV rules one "limited user" must be purchased per each ShopFloor execution .NET client.					
Please notice that prices for ShopFloor are the sum of named planners and other administrative users plus the sum of named operator shop terminals plus ShopFloor Extension Modules. CadConnect, ItemPlanning and Make-to-Order prices and Netronic VPS are based on number of named users. TA Basic is based on number of named users, going to use TimeAttendance.					
Payment of the price for maintenance fees is mandatory, always in accordance with the current price list and must be paid 12 month in advance.					
Maintenance will automatically be extended every 12 months via the NAV partner of the end user. Termination minimum 3 months prior to the next coming payment period.					
**=NETRONIC VPS products are net prices					
All prices are calculated as a package for each individual company (legal unit). For a company group with more than one user company on the same server, a discount of 10% will be given for user company no. 2 and subsequent user companies.
